OFFICE OF CIVILIAN DEFENSE
WASHINGTON, D. C.

GM-80

NATIONAL HEADQUARTERS
CIVIL AIR PATROL WASHINGTON, March 31, 1943

Subject: Training Manuals

To: All Unit Commanders

1. Frequent requests have come in through Wing channels for copies of training manuals prescribed in the various CAP Training Directives. Due to limitations as to budget and supply, it has been possible to furnish only about four copies per headquarters in the original mailings. Copies available to fill additional requests are limited.

2. Some of the manuals may be purchased, however, from the Government Printing Office and other sources. Orders should be placed through unit Supply Officers and sent directly to the address noted below except for the publications available only from CAP Headquarters. For the latter, write your Wing Headquarters so that only orders which cannot be filled by the Wing will be forwarded to National Headquarters.

3. The following are available from National Headquarters:

a. CAP Training Manuals:

Organization of the Army	CAP Training Manual No. 1
Organization of the Navy	" " " 2

b. CAP Training Directives 1 through 32 cover the general outline of each CAP training course. A limited number of copies are available. Unit Training Officers should be sure that their files are complete, pending replacement of old directives by the new CAP Rules.
